

Swiss Technology Transaction & Licensing Summit

When: November 12, 2025

**Where: Sorell Hotel Ador
Laupenstrasse 15, 3001 Bern**

The **Swiss Technology Transaction & Licensing Summit** brings together key players from academic technology transfer and corporate licensing in one joint event. This newly established summit is organized by **LES Switzerland** and the **Swiss Technology Transfer Association (swiTT)**, two leading organizations in the licensing of innovation and intellectual property in Switzerland. The goal is to build bridges between science and business, strengthening the transfer and commercialization of innovative technologies in Switzerland. The program features expert insights, practical case studies, and interactive discussions on licensing, technology transaction, and successful collaboration models. LES Switzerland contributes its international expertise in licensing and intellectual property, while swiTT brings its strong network of Swiss universities and research organizations. The event fosters dialogue, creates valuable connections, and inspires future partnerships.

We look forward to shaping together the future of technology transaction and licensing in Switzerland!
